Certifications

- AWS Certified Solutions Architect – Associate (In Progress, expected 2026)

Work Experience

Full Stack Developer - Exclusivas Automotrices Sánchez (Feb 2021 - Current)

- Technical lead in the development of a POS system using NestJS, React, AWS (S3, EC2), and Docker.
- Improved system performance with database optimization (MongoDB, PostgreSQL, Redis).
- Migrated and managed relational databases on Amazon RDS, improving availability and simplifying backups.
- Implemented AWS IAM policies and roles to enforce least-privilege access across services and environments.
- Designed and implemented CI/CD pipelines via GitHub Actions.
- Developed automation scripts in Python to streamline internal processes.
- Integrated secure authentication mechanisms with OAuth2 and JWT.
- Maintained task tracking and documentation using Jira.
- Participated in code reviews and internal training.

Full Stack Developer - Pixelarte (Aug 2020 - Feb 2021)

- Created a tailored management platform to enhance team coordination.
- Modernized web design ensuring brand alignment and UX improvements.
- Delivered custom e-commerce solutions with PHP, HTML, CSS, JavaScript, and Shopify.

Jr. Developer - Itisoft (Dec 2018 - Mar 2020)

- Designed and developed a GraphQL API using Node.js, Express, and React.
- Maintained and updated websites via PHP, WordPress, and cPanel.
- Contributed to frontend features using JavaScript and React components.

Education

Ingeniería en Informática - Instituto Tecnológico del Istmo (2015 - 2020)

Focus on software development best practices, security, and client-oriented solutions.
